

How to Drive a Mini Roundabout

 Car Path

 Truck Path

Trucks may use splitter islands and truck apron to aid in maneuver.

Step by Step

(For Single Lane Roundabouts Only):

- 1 Slow down when you begin approaching the roundabout. You will see a "Roundabout Ahead Sign" similar to the sign on the right.
- 2 Yield to pedestrians who may be in the crosswalk.
- 3 Yield to vehicles on your left that may be in the circulating lane.
- 4 Enter the circulating lane when there is a gap in traffic.
- 5 Continue to your exit, yield to pedestrians in the crosswalk.
